Who should attend

This course is designed for anyone looking to fast-track initiatives and build a targeted roadmap to drive innovation in their organisation.

How you will learn

Led by two innovation experts, you will take part in live virtual workshops, interspersed with action learning.

Over two weeks, you will take part in 14 hours of online learning and live workshops.

You will utilise The AGSM Navigator, a custom-built platform designed to work with your existing social and communication tools, like WhatsApp and Zoom.

Virtual workshop sessions bring a real-time, social learning environment to you, where you can share challenges and experiences, learn from your peers and your expert facilitator, and build a community of practice.

In between the workshop sessions, you will take part in a range of supported learning experiences independently and with the group to develop and embed learning.

To maintain the interactivity and ensure participants can achieve their outcomes, each workshop is limited to 25 participants.
